

The Office of Information Technology (OIT) is pleased to inform you of the upcoming IMS FEPA Gateway Release scheduled for deployment on Monday, March 31, 2014.

This release includes an enhancement to the FEPA Gateway to allow user to process Targeted Equitable Relief (TER) benefit as detailed below.

**Capturing Targeted Equitable Relief (TER) with FEPA Gateway.** FEPA Gateway will automatically identify TER benefits when input files are imported into IMS. The Benefit Codes that have always been available for inclusion in input files will recognize a TER or non-TER designations automatically, and FEPA Gateway users will also have three additional TER-specific Benefit Codes to include in their input files, as needed. (SCR 5648).
