

The Office of Information Technology (OIT) is pleased to inform you of the upcoming IMSNXG Release 6.7 which will be available on September 2, 2014. The following are some enhancements that are included in the release. Attached is a document detailing all the changes to the IMS NexGen applications:

SYSTEMIC WATCH LIST

The Export to Excel button has been restored to the Related Charges/Inquiries Results page (SCR 5689). EEO-1 criteria on the Add/Modify Case pages now default to ALLCAPS (SCR 5667).

FORM 5 PARTICULARS

Users can now adjust the font size for Particulars text when entering that text (SCR 5645):

396 REPORT SCHEDULER

The 396 Report queue will now run 24/7 (SCR 5675).

IMSNXG CHARGE PRIORITIZATION & CATEGORIZATION

The IMSNXG Prioritization and Processing Category topic "National Origin/Senior Pay Level Issues", which does not apply to charges, is no longer listed on the IMS Private Categories tab (SCR 5627).
