

New Statute/Basis/Issue combinations

The Office of Field Programs (OFP) in conjunction with the Office of Information Technology (OIT) wishes to inform all Integrated Mission System (IMS) users that additional Statute/Basis/Issue combinations have been added and are now available for the ADEA and ADA statutes. The Issue R7 (Recordkeeping Violation) has been added to all Basis codes as a combination for both statutes.

With the signing on October 5, 2010 of Rosa's Law by the President, the Americans with Disabilities Act (ADA) basis code W5 (Mental Retardation) has now been changed to read as "Intellectual Disability".
